MEng Project

SP26

→ Department

→ Where does this come

→ importance

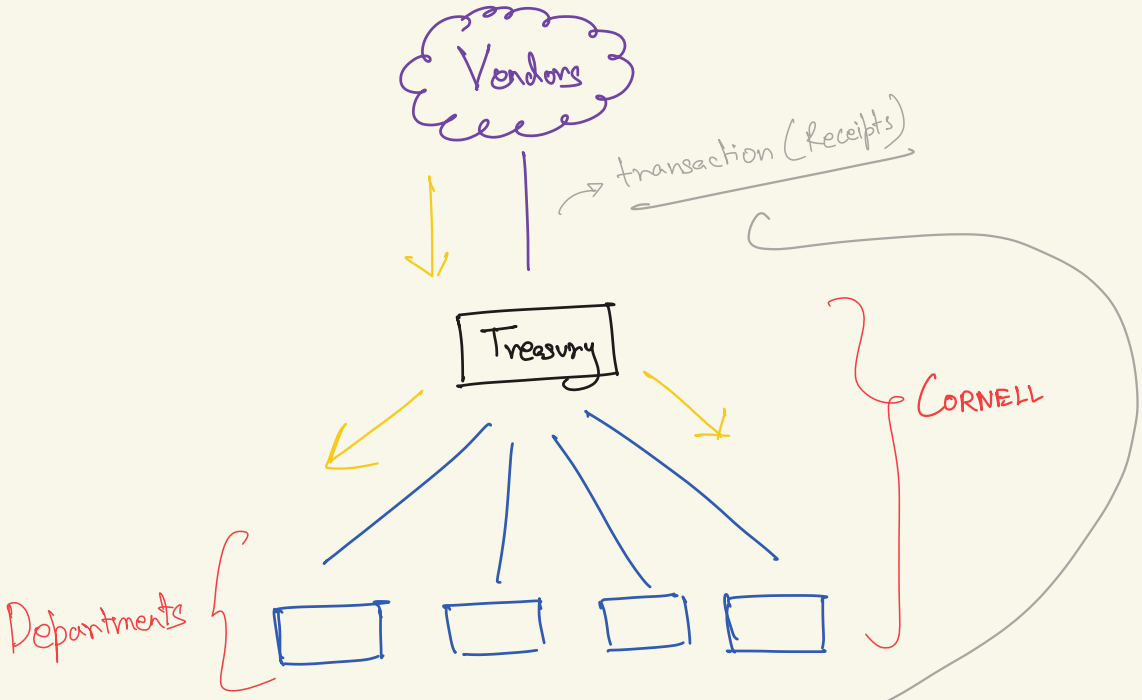
→ Exact issue / Simple explanations.

→ Solutions

→ Make their life easier

→ integrate AI into this, their workflow

→ Automate the lookup + email sending



Receipt

Our main target

Unidentified

Known Vendor

- → We have history
- → previous transactions
- → with that we take all the departments they have paid before.
- → Reachout to all of them, and then ask if this is for them.

Unknown Vendor

- → We reach out to the Vendor
- → Ask them the dept this money was intended to.

identified

- → sent to the respective department
- → claimed by the dept

$ 1 Million
Over 280 transactions for the past 3 years is unidentified

Money too long in this → NY State
Have to claim it back ←

 # Tools used → to get previous transactions

- → kyriba
- → KFS / kuali
